Daiichi-Sankyo

LIFE SCIENCE WASHINGTON

VIP FORUM

Daiichi Sankyo is an innovative global healthcare company contributing to the sustainable development of society that discovers, develops and delivers new standards of care to enrich the quality of life around the world. With a legacy of innovation since 1899, Daiichi Sankyo leverages its world-class science and technology to create new modalities and innovative medicines for people with cancer, cardiovascular and other diseases with high unmet medical need. For more information, please visit www.daiichisankyo.com.

GLOBAL BUSINESS UNITS & AREAS OF INTEREST

Daiichi Sankyo is seeking partners with complementary expertise across three focus areas. Please ensure your application clearly reflects alignment with one or more of the criteria below.

1. Oncology

- Preference for assets with early safety and efficacy data. Major indications with emphasis on breast, lung, colorectal and pancreatic cancers.
  - Clinical programs with stand-alone potential
  - Targets/MOAs combinable with Daiichi Sankyo ADCs
  - Must be willing to engage in global licensing

2. Non-oncology / Specialty Medicine

- Late-stage assets seeking regional partnerships (Phase 2 ongoing or later). Clinical-stage products with potential to launch by 2030.
  - Europe & Japan: Cardiovascular and metabolic diseases
  - Japan only: CVM, CNS, Immunology (excl. ophthalmology & rare diseases)

3. Enabling Research & Technologies

- Innovative platforms and technologies across therapeutic and modality-based focus areas.
  - Novel tumor-specific binders, TME-responsive biologics
  - Enhancing technologies of TCE functionality, tumor selectivity of cytokines
  - Heterobifunctional protein degraders (TPDs), multi-specific antibodies
  - Disease-relevant target ID: cardiovascular and CNS disorders
